THE NORTH BRITISH REVIEW (Free Church.)
4
THE WESTMINSTER REVIEW (Liberal)

BLACKWOOD'S EDINBURGH MAGAZINE (Tory)
THE great and important events—leading on Political, Military—now agitating the nations of the Old World give to these publications an interest and value they never before possessed They occupy a middle ground between the hastily written news sheet, crude speculations, and flying rumors of the newspaper and the ponderous Tome of the historian written long after the living interest in the facts he records shall have passed away The periodicals of the Western Continent occupy a large space in their pages Every measure and policy closely criticised, whether friend or foe and all shortcomings fearlessly pointed out The letters from the Danube and the Baltic in Blackwood's Magazine from the pen of the most popular contributor, give a more intelligible and reliable account of the movements of the belligerents than is elsewhere to be found
These Periodicals ably represent the three great political parties of Great Britain—Whig, Tory and Radical,—but politics forms only one feature of their character An Organ—the most powerful and well written—of Science, Literature, Morality and Religion they stand as they ever have stood in the first rank of the world of letters being considered indispensable to the scholar and the professional man, while to the intelligent reader of every class they furnish a more correct and satisfactory record of the current literature of the day than is to be found elsewhere, or in any other source

TO THE REPUBLICANS OF THE UNITED STATES.

In accordance with what appears to be the general desire of the Republican party, and at the suggestion of a large portion of the Republican press, the Chairmen of the State Republican Committees of Maine, Vermont, Massachusetts, New York, Pennsylvania, Ohio, Michigan, Indiana, and Wisconsin, hereby invite the Republicans of the Union to meet in informal Convention at Pittsburg, on the 22d February, 1856, for the purpose of perfecting the National Organization, and providing for a National Delegate Convention of the Republican party, at some subsequent day, to nominate candidates for the Presidency and Vice Presidency, to be supported at the election in November, 1856.

The recent Triumph at Washington.—The Republican Party.

The gratifying termination of the recent struggle in Congress—and the yet more gratifying fact that the representatives of Northern freemen in that body have stood out firmly, unflinchingly and successfully for their principles during a contest of more than two months with the pro-slavery men and their allies, has caused the utmost rejoicing throughout the country, and inspired the friends of the Republican cause with a well grounded confidence of success for their patriotic principles. The great heart of a free people is aroused, and in the coming Presidential contest the people will be found on the side of free principles and the Union of the States; and they will indignantly repudiate the dough-faces and traitors to freedom, who, with hypocritical professions of anxiety for the Union, are deliberately joining hands with its worst enemies and driving it towards inevitable destruction by making freedom entirely subservient to slavery. The great Republican party has sprung into existence from the very necessities of freedom, and to save this Union from the dangers which have come upon it by the sectional attempts to make a mere local and anti-republican institution the *ruling* and all-engrossing interest of the country. Of the true position and patriotic aims of the Republican party, the Boston Atlas speaks in the following just terms, while commenting upon the election of Mr. Banks:

But this election has a far higher importance than any to be deduced from mere personal considerations. It is the first national triumph of a new party, summoned into existence by the gross mismanagement of the government, rendered an absolute necessity by the exigencies of the times and now organized for the vindication of violated compacts—*a party which in spite of seeming affinities, is a new entity, independent of the past, responsible for the mistakes of no organization, living or dead, a creation of the present, formed to meet the demands and necessities of the present.* The Administration has itself evoked an opposition, which in the first year of life has wrested from it a great majority in the House. Its mischievous policy sowed the dragon's teeth, from which these armed champions of freedom have sprung. Regardless alike of the remonstrances of friends and the threats of foes, it forced upon the country the Nebraska-Kansas bill, and the election of Mr. Banks is the result. Nothing less wicked, impolitic and dishonorable than the violation of the Missouri Compromise could have extemporized a party united, able, vigorous. Created by necessity, the offspring alike of the feeling and the intellect of the country, it has already given to the nation ample evidence of its willingness to discard minor questions, to cast into abeyance old differences, into oblivion old prejudices. It has shown the power of devotion to principle, and the long future before it will be worthy of its brilliant commencement. It has already been slandered; it has already been charged with demoralizing and destructive tendencies. Professed nullifiers have raised their hands in holy horror at the treasonable designs which they have affected to discover in its action; and men have not been ashamed to disavow their own principles, when they found them adopted by old political opponents. But from whatever quarter they may come, the Republican party hurls back with indignation and scorn, the slanders and libels of its opponents. Ever mindful of its duty to the county, never forgetful of its constitutional obligations, devoted to the welfare of the whole confederacy, the unswerving champion of the Union, it will go on conquering and to conquer. It will discard all petty and temporary questions; it will endorse no measure of doubtful propriety; it will leave slavery in the States to take care of itself; but it will know, in spite of opprobrious nicknames, before it be disbanded, whether the power and influence of this government are to be where the theory of the constitution puts them—with the wealth and population of the nation, or whether they are to remain the possession of an oligarchy, dictating policy foreign and domestic, promulgating laws to suit its purposes, controlling committees, and shaping all affairs to meet its necessities. Not a constitutional right of the slaveholder shall be invaded. Not an iota of his legal power shall be wrested from him; but wherever, under our glorious constitution, we ought to stand upon equal terms, there shall be a real equality. The continual addition of slave territory is incompatible with fairness or equity. It is altogether too one-sided to permit of longer toleration. Did it meet us fairly, State for State, acre for acre, man, woman and child on a slave territory, for a man, woman and child in a free State, it would be less intolerable; but while the three-fifths basis of representation remains, our great loss is quite out of proportion to the Southern gain, and every fresh accession of slave territory is an accession to the slaveholder, not merely of land, not merely of serfs, but of political power, of Representatives and of Senators. It is in this way that an effete system perpetuates itself, and this is a game at which we cannot afford to play longer. The Republican is not a disunion party, and will not be. It has no other banner but "THE GLORIOUS ENSIGN OF THE REPUBLIC." It will march to no music but that of the Union. It will inscribe upon its flag no such "words of delusion and folly as 'Liberty first and Union afterwards,'" but "that other sentiment, dear to every true American heart—LIBERTY AND UNION, NOW AND FOREVER, ONE AND INSEPARABLE!"

Sheriff Gilmore's Protest.

The following is a copy of the protest filed by Sheriff Gilmore with the Clerk of the Courts, on the occasion of delivering the keys of the jail of Penobscot county to Mr. Wilson, who is commissioned as Sheriff by Gov. Wells, in contravention, as it is contended, of the provisions of the amended constitution:

To the Clerk of the Supreme Judicial Courts for the County of Penobscot.

Whereas, John E. Wilson, Esq. has this day made a demand on me for the jail and the records of the same for this County, and has shown me a commission of Sheriff for said County, from Samuel Wells the present Governor of this State,—now not admitting the right of said Wells to appoint a Sheriff for this County until a vacancy occurs in accordance with the provisions of the amended constitution of this State, but protesting against his right to make a vacancy by appointing said Wilson Sheriff of said County in place of the undersigned,—not waiving any of my rights under the commission of Sheriff of said County, which I hold, but reserving the same until a legal decision of the validity of said appointment of said Wilson may be had,—and to avoid any collision of force and violence between the said Wilson and myself in the discharge of the duties of the office of Sheriff—and also, that the Governor and his Council may be spared any military efforts to conquer the same,—I have delivered the keys of the jail and records thereof to said Wilson subject to this my protest, which I would respectfully ask the Clerk of the Courts to place on file in his office.

Charles D. Gilmore.

Bangor, Feb. 4 1856.

The Sheriff Question. We heard yesterday, that the Governor intended to submit the question of his right to appoint certain officers, to the Judges of the Supreme Judicial Court. Our information was derived from a source which would be likely to prove correct.—*Portland Advertiser.*

We hope this will be the case—however the question may be decided. It is the only proper method of procedure, and we are glad if Gov. Wells's friends are at last convinced of it. The people of this State will not fail to remember, however, that at the very outset of this administration, Gov. Wells has for weeks refused to resort to a simple and constitutional method of settling a question which by its bearing upon all judicial processes seriously endangers the property and interests of the people. The question is beyond party considerations and a refusal to have it settled cannot be excused by making a party question of it.

Register of Probate.—The Mercury states that it is agreed between the Register in possession and the Register appointed, that whichever one shall be recognized by the Judge of Probate (Hon. Daniel Sanborn) shall perform the duties of the place. The one against whom Judge Sanborn decides will have an opportunity of appealing to the Supreme Court of Probate (which is the Supreme Court) and thus the question may be settled. We presume there is little doubt as to how Judge Sanborn will decide.

Supreme Court. The criminal term commenced on Tuesday—Judge Hathaway presiding.

John H. Wilson, Esq., appointed Sheriff by Gov. Wells, acts in that capacity, under protest of Sheriff Gilmore.

The officers of the Court appointed by Mr. Wilson, are Benj. Swett, (crier,) A. H. Bicknell and L. D. Phillips. The Messenger is Joseph Freese.

Canadian Trade.—The Oswego (N. Y.) Journal states that the trade of that port with Canada in the year 1855, exhibits a vast increase over that of 1854. In that year the whole trade amounted to $2,859,217; while in 1855 it reached the sum of $12,000,663, showing an increase of $9,140,846. This advance is attributed to the effect of the reciprocity treaty. The Journal says that great preparations are making for a large business the coming season.

A few weeks ago a baker in Montreal, Canada, returned twelve barrels of flour out of twenty he had purchased, because there was so much Plaster of Paris in it that he could not use it.

A salute of 100 guns was fired on Boston Common on Monday, in honor of the election of Speaker Banks.

Promptness in Answering Letters.

It seems that a fitting word might be said in your columns, to urge all people, everywhere, to the duty of promptly answering letters addressed to them on business, friendship or any of the usual subjects of letter writing. Every man should keep himself furnished with all the materials necessary for writing a letter at any time. The present rate of postage is so low as to admit of a very great increase of letter-writing among the people of all pursuits, but at present the people of the United States do not write one half as many letters in proportion to their numbers, as the people of England, and one reason of this is, the dilitory habit our people are in of delaying their answers to letters, until the answers are of little service. It often happens that business and other transactions are greatly delayed by such neglect, and an immediate reform is loudly demanded.

It would do once to travel great distances by slow conveyances, but it will not do now. The accelerated speed of the world, allowing a man to do twice as much business in the same time as formerly, should be met by a corresponding speed in epistolary correspondence, and one of the great means of this is to be found in a prompt and ready answer to letters received.

Speed.

Resolutions of the Republican Meeting.

The following are the resolutions passed at the Republican Ratification Meeting held in this city on Tuesday evening:

Resolved, That the Republicans of Bangor approve the course of the Hon. Israel Washburn, Jr., and his colleagues from this State—Samuel P. Benson, Ebenezer Knowlton, John J. Perry, and J. M. Wood in the late struggle for Speaker; and tender them our thanks for their resolution and untiring efforts in combatting and defeating two combined *sectional parties,* whose principal efforts for two months have been to thwart the national will in the organization of the House of Representatives.

Resolved, That the election of the Hon. N. P. Banks, Jr., is the first step towards order in the country; that his ability, his tried experience, and fearless integrity in the discharge of public duties, are guarantees that the duties of Speaker will be discharged to the satisfaction of the whole people.

Resolved, That the present alarming state of affairs in Kansas, which threatens civil war in that Territory, is justly attributable to the acts of the present national administration. While the people of that Territory have been driven from their homes in the midst of winter, and their property destroyed and violence and bloodshed committed far and wide, the President of the United States has been writing messages in defence of Southern Slavery, and threatening the people of the Territory to unite the military force of the Union with the "armed ruffians" of Missouri, to subjugate them, if they persist in their purpose to establish a free State constitutional government in said Territory.

Resolved, That the Republican party of Bangor will resist all attempts to nationalize slavery, or to carry the same into the Territories of the Union, or make Slave States from free Territory, or admit any more Slave States into the Union, formed from free territory—believing, as they do, that this sectional institution, so odious to most of the civilized world, should not be extended.

Resolved, That we are attached to the Constitution and the Union; and that we resist the aggressions of slavery for the purpose of preserving the worth, purity, and strength of the Union. The course of the South in their determination to extend slavery, demands the opposition of all who are the true friends of the Union, because all unworthy concession only lays the foundation for further aggression.

Voted, That the Secretary be requested to send a copy of these resolutions to each Representative in Congress from this State.

Elijah L. Hamlin, *Chairman.*
J. Fenno, *Secretary.*

The meeting was one of the most earnest and enthusiastic which has ever been held in this city; and it shows that a spirit is awake among the people, which will signally rebuke the attempts of slavery sectionalism and its northern allies to subvert our government into the mere instrument of a despotic and anti-republican institution. The Republicans are confident of the final success of their principles, and hail the recent triumph at Washington as one of the most auspicious omens of a complete victory over Southern disunionists and their northern friends and allies.

The Barbarous Murder in Kansas.—A letter has been received in this city from a gentleman in Lawrence, dated Jan. 22, which explains the fight at Easton. He states

"That the Missourians came over on the day of election in large numbers, threatening the polls. A man named Brown, (the Herald of Freedom gave his name as Brown,) with five others attempted to protect the polls. A fight ensued, in which two of the Missourians were wounded.

They however took Brown and another man prisoners, declaring that they would kill them if the wounded men died. One of these men escaped. The Missourians, hearing that 100 men with Sharp's rifles were on their way from Lawrence, most horribly—I tell, literally chopped Brown to pieces with a hatchet. This frightful barbarity may seem incredible, but my information is reliable. Brown was from Kentucky; and leaves a helpless wife and two children. The Lawrence people are actively at work preparing for defence against another invasion, for the Missourians are arriving and drilling day and night in the border counties.

Boston Journal.

A Case of Circumstantial Evidence.—The following anecdote *apropos* of the gold medals—some of them of great value—which the French government is distributing, to the members of the International Jury and others, is related by the French correspondent of the Courtier des Etats Unis. The scene is laid in a drawing-room in Paris. One of the company was showing a gold medal which had been awarded him, and which was worth five thousand francs. The medal passed from hand to hand, and when, half an hour afterwards, the owner asked for it again, it could not be found. Every nook and corner was searched, but in vain. This sudden disappearance produced considerable agitation in the company, which was select, but numerous, and finally some one proposed that every one should be searched, the men by the men and the women by the women. All the persons present eagerly signified their assent, with the exception of a single individual, who had been presented that very night for the first time in the house. The effect these words produced may be easily imagined. It was no longer doubted that he was the robber, and the gentleman who introduced him was more dead than alive.

The master of the house was about turning the supposed thief into the street, and the owner of the medal had already entreated the company to forget the circumstance, when, a lady having risen from her seat, lo! the missing medal suddenly fell out of one of the flounces of her dress, into which it had accidentally slipped and buried itself. The sensation produced by this sudden *denouement* was prodigious. A cry of joyful surprise resounded throughout the room. The individual suspected of the theft was declared innocent.

Renouncing thereupon the stoical calmness, verging on indifference, which had hitherto characterized his demeanor, "This, gentlemen," said he, "is the explanation of my conduct, which doubtless seemed to you inexplicable. If I would not consent to be searched, it was because I was a stranger to every one present, with one exception, and because, by a strange coincidence—so strange that no one would have believed it possible—I had on my person a medal exactly similar to the one that was lost." He then produced the medal, which, if it had been found on him, would have ruined him a quarter of an hour before, but which was now but an additional proof of his innocence. This incident, which I myself witnessed, is but another proof of the uncertainty of human judgments.

Washington, Feb. 4.—*The Pay of the Members.*—To-day the acting Sergeant-at-Arms drew from the treasury about $80,000 in gold, which amount had been advanced by him to the members. Speaker Banks at near midnight on Saturday signed drafts for that purpose. $230,000 are due members yet, and will be drawn during the week.

Particulars of the late Horrible Affair in Cincinnati—Arrest of Eight Fugitive Slaves—Desperate Resistance—A Child Slain by its Mother.

Scarcely ever did we witness in this city greater excitement than that occasioned yesterday afternoon by the arrest of a number of fugitive slaves, their desperate resistance, and a tragic event in connection therewith. The circumstances, as elicited by diligent inquiry, are about as follows:—

Night before last, eight fugitive slaves, two men, two women and four children, the property of Mr. James Marshall and Mr. Archibald Gaines, both of whom reside near Richwood Station, in Boone county, Kentucky, ran away from their masters. To expedite their flight, a team of horses and a sleigh belonging to Mr. Gaines were brought into requisition. They struck the road for Cincinnati, thinking, undoubtedly, to take the underground railway at this point for Canada. The distance, eighteen miles, was soon made, and arriving at Covington they crossed the ice to this city.

Unfortunately for them, their pursuers were close on their track, as they became aware before their Abolition friends could provide for their departure or concealment. They sought refuge and obtained it for a short time, in the house of a negro on the road, about one mile below the Mill-Creek bridge. Their pursuers, it seems, were too swift for them, and came upon them in time to ascertain their retreat. The house was closely watched, while a messenger in the person of Mr. Gaines, went to procure a warrant from United States Commissioner Pendery, for their arrest as fugitive slaves.

The application was successful, and at noon (Marshal Robinson being absent from the city) the warrant was placed in the hands of Deputy Marshal John Ellis, who, in connection with a strong posse, including officers Francis and Butts of Covington, proceeded to the spot, to effect the capture of the negroes.

Arriving at the premises, word was sent the fugitives to surrender. A firm and decided negative was the response. The officers, backed by a large crowd then made a descent. Breaking open the doors, they were assailed by the negroes with cudgels and pistols. Several shots were fired, but only one took effect, so far as we could ascertain. A bullet struck a man named John Patterson, one of the Marshal's deputies, tearing off a finger of the right hand and dislocating several of his teeth. No other of the officers was injured, the negroes being rendered powerless before they could reload their weapons.

On looking around, horrible was the sight which met the eyes of the officers. In one corner of the room was a negro child bleeding to death. *His throat was cut from ear to ear,* and the blood was spouting out profusely, showing that the deed was but recently committed.—Scarcely was this fact noticed, when a scream issuing from an adjoining room drew their attention thither. A glance into the apartment revealed a negro woman holding in her hand a knife literally dripping with gore, over the heads of two little negro children, who were crouched to the floor, and uttering the cries whose agonized peals had first startled them.—Quickly the knife was wrenched from the hand of the infuriated negress, and a more close investigation instituted as to the condition of the infants. They were discovered to be cut across the head and shoulders, but not very seriously injured, although the blood trickled down their backs and upon their sleeves.

The negress avowed herself the mother of the children, and said that she had killed one, and would like to kill the three others *rather than see them again reduced to slavery!* By this time the crowd about the premises had become prodigious, and it was with no inconsiderable difficulty that the negroes were secured in carriages and brought to the United States District Court Rooms, on Fourth Street. The populace followed the vehicles closely, but evinced no active desire to effect a rescue. Rumours of the story soon circulated all over the city. Nor were they exaggerated, as is usually the case. The incidents were too horrible in themselves to need exaggeration. For once reality surpassed the wildest thought of fiction.

The door was besieged with applicants for admission, but all, officers alone excepted, were refused admittance. United States Commissioner Pendery held a momentary session of the Court, and fixed this morning at nine o'clock as the time of investigation, ordering the prisoners to be kept in the close custody of the Marshal until that hour.

Toward evening, Deputy Sheriff Jeff. Buckingham arrived with a writ of *habeas corpus* from Judge Burgoyne, of the Probate Court, requiring the production of the negroes forthwith before him, and summoning Deputy Marshals Bennett and Ellis to show cause why they made the arrest. To this proposal, so far as the production of the negroes was concerned, Bennett at first refused to accede, claiming that under Judge McLean's ruling, no State Court had a right to demand and enforce the presence of prisoners held under the United States law.

A disposition being evinced by the State officers to see the mandate of Judge Burgoyne complied with, a compromise was finally agreed to, by which the negroes were to be committed to the County Jail until morning, and then placed at the disposal of the Marshal, he agreeing to bring them before the Probate Court by eleven o'clock, A. M., on condition that he should not be interfered with in taking them to the U. S. Commissioner's room at 9 o'clock.

The Mammoth Steamer.—A telegraphic despatch from Montreal, from S. P. Bidder, Esq., Superintendent of the Grand Trunk Railway, says:

"A letter from England, received to-day, says the Big Ship is to go to Portland if wharves are provided."

It is gratifying to us to be able to return answer, saying that the City Council have voted to apply the sum of $60,000 to provide wharves for Ocean Steamers by an unanimous vote with a single exception, on obtaining permission from the Legislature therefor, agreeable to the plans and estimates of A. M. Ross, Esq., Chief Engineer of the Grand Trunk Railway Company.—*State of Maine, 4th.*

Thirty Years Experience of an Old Nurse.

Hear the Brooklyn Daily Advertiser.

We cheerfully comply with the request of a friend to insert the following letter, which we are assured is from a lady of the first respectability, residing in Lowell, Mass., believing that a vast amount of suffering may be prevented, and many valuable lives saved, by calling the attention of mothers to this valuable prescription of an old and experienced nurse.

"Dear Sir:—I am happy to be able to certify to the efficiency of Mrs. Winslow's Soothing Syrup, and to the truth of what it is represented to accomplish. Having a little boy suffering greatly from teething, who could not rest, and at night by his cries would not permit any of the family to so, I purchased a bottle of the Soothing Syrup, in order to test the remedy, and when given to the boy according to directions, its effect upon him was like magic; he soon went to sleep, and all pain and nervousness disappeared. We have had no trouble with him since, and the little fellow will pass through with comfort the excruciating process of teething, by the aid of Mrs. Winslow's Soothing Syrup. Every mother who regards the health and life of her children should possess it.

Holloway's Ointment and Pills, a certain cure for Scald Heads. Henry, 12, Maria, 10, and John Ames, of Apalachicola, Florida, were all three affected with this disagreeable malady. Maria in particular was in a wretched plight with it, and although there were many remedies tried, yet the malady did not seem to decrease, indeed the disease spread itself all over the surface of the head, to the great annoyance of the parents and discomfiture of the child. The blood of the others was equally impure. At last the parents put the three under a course of Holloway's Ointment and Pills, which cured them all in the space of nineteen days. Their health has since considerably improved. These remedies are also wonderfully efficacious in all diseases of the skin.

MATTERS AT WASHINGTON. New York, Feb. 5.—The Herald's correspondent telegraphs—Mr. Banks gave evidence to-day of a determination to hold a tight rein and preserve order. He seems perfectly at home, and will no doubt make a popular speaker

It was deemed wise not to risk the chance of a defeat on Gov Reeder's case on a question of the comparative regularity of the elections, which is Whitfield's strong point, but to fight the battle on the merits, and that at the earliest moment. I know Democrats who will sustain Gov Reeder a claim in the west. I know no Republicans who will oppose it.

PUBLIC PRINTER We learn from reliable authority, direct from Washington, that Col. Wm. Schouler, editor of the Cincinnati Daily Enquirer, formerly of the Boston Atlas, will secure the appointment of Public Printer. The Ohio delegation in Congress desire the appointment. The office for the term (two years) is worth $100,000.—Bee

The Great European Cough Remedy.

Important to the Consumptive and the Public generally. The celebrated

Universal Cough Mixture

IS a safe and effectual Remedy for Coughs of every description, whether of children or adults, of recent or long standing.

PREPARED ONLY BY
REV. WALTER CLARKE,
Sole Proprietor, Cornishville, Maine.

Within the last twelve months thousands of bottles of the Universal Cough Mixture have been sold in the State of Maine alone, and everywhere its extraordinary power in relieving and curing diseases of the Chest and Lungs, is gratefully acknowledged [illegible] especially in cases of obstinate and long standing Coughs, it speedily allays the unpleasant sensation in the throat which excites coughing, it promotes free and easy expectoration, and by removing the exciting cause of the cough, it frequently enables the sufferers to enjoy natural and refreshing sleep, who for weeks had been deprived of that blessing.

☞ Sold in trial bottles, 25 cents each; large bottles, each containing the quantity of four small ones, 75 cents each.

Extract of a letter from Daniel Adams, Esq. of Bowdoinham, Maine.

FEBRUARY, 17th, 1853.

To Rev. Walter Clark—Dear Sir—The bottle of Cough Mixture which I bought of you at Topsham had the desired effect on my wife. She had been afflicted with a cough for two years—that bottle entirely removed it.

From Rev. Jesse Hayt, Lewiston Falls.

Rev. Clarke—Every bottle of the Universal Cough Mixture which you left with me is sold—and I have several applications for more. As far as I have heard from, all have been perfectly satisfied with the medicine. One man, who had a cough of long standing, [illegible] with tightness of the chest and shortness of breath, [illegible] he was laid aside from business, purchased [illegible] bottle, and before he had taken one third of it, was perfectly cured, and has had no cough since. He says it is the best medicine in the world, and cannot be recommended too highly.

JESSE HAYES.

From Mr. Fletcher Clark, agent for North Dixmont, Maine.

DEAR SIR—A number of the most extraordinary cures have been effected by your Universal Cough Mixture in this place. Several who had coughs of a year's standing, and others who have been doctored six months without receiving any benefit, have been speedily cured by the Universal Cough Mixture.

From Mrs. Hubbard, Thorndike, Me.

FEBRUARY 1, 1854.

To Rev. Walter Clark—Dear Sir—This certifies that I have used one bottle of your Universal Cough Mixture for a distressing cough and soreness in the lungs. I had previously taken several kinds of medicine, and had been under the care of several physicians, without obtaining the least relief, happily your Universal Cough Mixture was recommended to me. I procured a bottle, which I began to take according to directions on the label, by which in a few days I was entirely cured.

MARGARET P. HUBBARD.

HELMBOLD'S GENUINE PREPARATIONS.

HELMBOLD'S HIGHLY CONCENTRATED

Compound Fluid Extract Buchu

IS A CERTAIN, SAFE, AND EFFECTUAL REMEDY *For Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weakness, Secret Diseases, Obstructions, Female Complaints,*

and all Diseases of the Sexual Organs, whether in

MALE OR FEMALE,

from whatever cause they may have originated, and *No Matter of How Long Standing.*

This popular and specific remedy is now offered to the afflicted, and guaranteed to cure all the above complaints. It searches out the very roots of the diseases, driving out all the diseased fluids of the body, thus removing the cause and rendering the cure

Certain and Permanent.

This medicine allays pain and inflammation, which other remedies invariably cause; and can be taken with less trouble and expense to patients. This infallible remedy has saved thousands upon thousands from the hands of

Merciless Quacks,

if not from premature graves. In cases of infection, the Compound Bucha is the only article worthy of the least confidence of the afflicted in performing

SAFE CURES.

It contains no narcotic, mercury, or other injurious drug, but is a purely VEGETABLE COMPOSITION. It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex without hindrance from business or medical advice, as plain directions for use accompany the medicine. Reader, if you have any of the above complaints, do not neglect them,

Delays are Dangerous.

With this medicine you can cure yourself, and thus prevent all exposure.

Truth must and will prevail

This medicine speedily and effectually cures the most virulent form of secret diseases, and eradicates every particle of infectious matter from the patient to a perfect state of *Health and Purity.*—And as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found, it acting both as a *Cure and Preventive* of any of the above ailments.

HELMBOLD'S HIGHLY CONCENTRATED

Compound Fluid Extract Sarsaparilla,

—FOR—

Purifying the Blood, removing all diseases arising from Excess of Mercury, exposure and imprudence in life, chronic constitutional disease arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all scaly Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patient and practitioner the highest degree of satisfaction in the various cases in which they have been employed; whether in town, country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction, and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends. Numerous preparations of Sarsaparilla and Bucha, and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual may adopt.

These medicines require considerable care in the preparation, and the employment of different menstrua in successive operation to take up the extractive matters, and, in consequence, are most frequently improperly made, and not unfrequently much impaired, if not rendered totally inert, by the injudicious and unskilful management of those unacquainted with pharmaceutical preparations. It is, therefore, of the highest consideration and importance to the public, and to the faculty, that there should be standard preparations of uniform strength and possessing the most advantages. To effect this, and obviate the evil alluded to, I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and the Bucha, and to discover the most eligible form for their exhibition. The experiments have resulted most favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be made from in a highly concentrated form, and are the most active preparations which can be made. Two table spoonsfulls of the Extract Sarsaparilla added to a pint of water is equal to the Lisbon diet drink, and one bottle fully equals in strength one gallon of Syrup Sarsaparilla or decoction, as usually made.

—PRICES—

Fluid Extract Bucha, $1 per bottle, or 6 for $5
Sarsaparilla, " " "

Certificates of cures and recommendations from distinguished professors and physicians, will accompany each preparation. Prepared and sold by

It has stood the test of more than seven years; and in offering it to the public we are not ignorant of its operation. We know it to be the greatest ALLEVIATOR of PAIN and SUFFERING to those afflicted with any kind of Humor, and really one of the greatest blessings to mankind ever before the public, as we can show by the evidence of living witnesses.

Read the following—it speaks for itself.

LAWRENCE, June 12, 1854.

We, the undersigned, citizens of Lawrence, having used the Vegetable Allied Ointment prepared by Dr. E. D. Hayes, of this city, and being personally acquainted with the Doctor, feel pleasure in adding our testimony to all the Doctor claims for his medicine. Unlike other remedies in the market, this preparation performs its office speedily and with certainty. The Ointment we have used with the most happy result, after vainly seeking relief by the free use of Sarsaparillas, Salves, &c., &c.

Our experience fully justifies us in confidently recommending it as the article, and the only one known to us as performing all it claims.

KENNEDY'S MEDICAL DISCOVERY.

The Greatest of the Age!

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures *EVERY KIND OF HUMOR*, from the worst Scrofula down to a common pimple. He has tried it in over eleven hundred cases, and never failed except in two. He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running in the ears and blotches in the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two to three bottles are warranted to cure the worst case of ring worm.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Three to six bottles are warranted to cure salt-rheum.

Five to eight bottles will cure the very worst case of Scrofula.

A benefit is always experienced from the first bottle, and a perfect cure warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day as, that a common weed, growing upon the pastures, and along old stone walls, should cure every humor in the system; yet it is now a fixed fact. If you have a humor it has to start. There are no ifs nor ands about it, suiting some cases, but not yours. He has peddled over a thousand bottles of it in the vicinity of Boston, and knows the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts. He gave it to children a year old, to old people of sixty, and has seen puny looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to sick headache, one bottle will always cure it. It gives great relief in catarrh and dizziness. Some who have taken it have been costive for years, and have been regulated by it. Where the body is sound it works quite easy; but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed—they always disappear in from four days to a week.—There is never a bad result from it—on the contrary, when that feeling is gone, you will feel yourself like a new person. I heard some of the most extravagent encomiums of it that ever man listened to.

No change of diet ever necessary. Eat the best you can get and enough of it.

ROXBURY, Sept. 19, 1853.

This is to certify that H. H. HAY, Druggist, Portland, is the duly AUTHORISED GENERAL AGENT for my MEDICAL DISCOVERY for the STATE OF MAINE, and that he is supplied with the GENUINE, direct from my Laboratory.

GREAT American and Foreign Office,

—FOR—

Securing Patents for Inventions.

AGENCY FOR BUSINESS WITH THE U. S. PATENT OFFICE, WASHINGTON:

R. H. EDDY,
No. 76 State Street, opposite Kilby St., BOSTON:

IMPORTANT INFORMATION TO INVENTORS.—The subscriber, (late Agent of the U. S. Patent Office under the Act of 1837,) determined to present advantages in applying for patents, superior to those offered inventors by others, has made arrangements, whereby, on applications prepared and conducted by him, THIRTY DOLLARS (instead of *twenty, as paid back by others,*) will be remitted by him in case of failure to obtain a patent, and the withdrawal, through him, within thirty days after the rejection.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate.—The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

Caveats, Specifications, Assignments, and all Papers and Drawings necessary to the procural of patents in this and foreign countries, prepared, and advice rendered on legal and scientific matters respecting inventions, and infringement of patents. All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

Copies of the claims of any patent furnished for *one dollar*. Assignments recorded at Washington. Patents secured in Great Britain, France and other foreign countries, through agents of the highest respectability.

R. H. EDDY, *Solicitor of Patents.*

TESTIMONIALS.

"During the time I occupied the office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office, and there were none who conducted it with more skill, fidelity, and success. I regard Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents."

[From the present Commissioner.]

"AUGUST 17, 1855.—During the time I have held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the Office, as a Solicitor. He is thoroughly acquainted with the laws and the rules of practice of the office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse.

CHARLES MASON,
Commissioner of Patents."

LET US REASON TOGETHER

HOLLOWAY'S PILLS.

WHY ARE WE SICK?

IT has been the lot of the human race to be weighed down by disease and suffering. HOLLOWAY'S PILLS are specially adapted to the relief of the WEAK, the NERVOUS, the DELICATE, and the INFIRM, of all climes, ages, sexes and constitutions. Professor Holloway personally superintends the manufacture of his medicines in the United States, and offers them to a free and enlightened people as the best remedy the world ever saw for the removal of disease.

These Pills Purify the Blood.

These famous Pills are expressly combined to operate on the stomach, the liver, the kidneys, the lungs, the skin, and the bowels, correcting any derangement in their functions, purifying the blood, the very fountain of life, and thus curing disease in all its forms.

Dyspepsia & Liver Complaint.

Nearly half the human race have taken these Pills. It has been proved in all parts of the world that nothing has been found equal to them in cases of disorders of the liver, dyspepsia, and stomach complaints generally. They soon give a healthy tone to these organs, however much deranged, and when all other means have failed.

General Debility. Ill Health.

Many of the most despotic Governments have opened their Custom Houses to the introduction of these Pills, that they may become the medicine of the masses. Learned Colleges admit that this medicine is the best remedy ever known for persons of delicate health, or where the system has been impaired, as its invigorating properties never fail to afford relief.

Female Complaints.

No Female, young or old should be without this celebrated medicine. It corrects and regulates the monthly courses, at all periods, acting in many cases like a charm. It is also the best and safest medicine that can be given to children of all ages, and for any complaint—consequently no family should be without it.

Holloway's Pills are the best remedy known in the world for the following Diseases:

Asthma	Dropsy	Inward Weakness
Bowel Complaints	Debility	Lowness of Spirits

The following from your own State is respectfully submitted, referring any who may still doubt, to my "Memorabilia," or Practical Receipt Book for Farmers and Families, to be had gratis of all the Agents for the German Bitters.

TESTIMONY FROM MAINE

Capt. Daniel Abbott, Brooklin, Maine, July 16, 1853, says: "I was taken sick one year ago last April, upon my passage from Havana to Charleston, S.C. At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, no sleep or appetite. At last taking up a newspaper having your advertisement of "Hoofland's German Bitters" in it, I sent for some immediately. This was about 10 o'clock, at 11 o'clock I took the first dose, and another at 5 o'clock. The effect was so rapid on me that I had a good appetite for supper, and rested well that night, and the next day found me a well man.—I have not been without your medicine since, having been sailing between Baltimore, Charleston, and the West India Islands ever since. I have now given up going to sea, and reside in this place, where you should have an agency, as you could sell large quantities of it."

Jos. B. Hall & Co., Presque Isle, Aroostook Co., Maine, April 24, 1854, say: "We herewith send you a certificate of a cure performed by the use of *only one bottle* of the German Bitters. We think Mr. Clark to be a man of veracity, and have no doubt of the truth of his story."

Messrs. Jos. B. Hall & Co.—Gentlemen—In answer to your inquiries I will state that my daughter, aged about 16 years, has been complaining of a pain in her side for six or seven years, and about the first of January last was taken down and confined to her bed. The pain in her side was very severe, besides being troubled with pains between her shoulders and in her breast. From reading a number of cures performed by "Hoofland's German Bitters, I was induced to try them in her case, and sent to your store and purchased *one bottle*. She had taken it but a few days when she began to improve, and now, after taking *only one* bottle, she is enjoying better health than she has for years.—She feels no pain in her side or in any part of her body, and attributes her cure *entirely* to the German Bitters.

WILLIAM CLARK.
Salmon Brook, Aroostook Co., Me.

You should bear in mind that these Bitters are *entirely vegetable*, thereby possessing advantages over most of the preparations recommended for similar diseases.
